

Web Sites Privacy Policy

Date: January 8th, 2006

Updated: October 02th, 2021

1 Content and validity

This policy applies to the XLOG Technologies AG web sites. The web sites are www.xlog.ch.

2 Collected information

- i. We normally do not collect any personal information. We use your information only in particular cases such as orders or job applications.
- ii. The web sites use cookies in order to maintain communication after the login. Furthermore, the web sites save the click stream irrespective of the login. Other technical data are not saved.
- iii. The web sites may contain links to other web sites. XLOG Technologies AG assumes no responsibility for the privacy policy of those web sites. XLOG Technologies AG does not use any external banners.

3 Use of information

- i. In particular cases personal information may be used in order to process business transactions. This may also involve third parties.
- ii. We will store personal information across business transactions as well as for surveys and advertising purposes by XLOG Technologies AG. This will require your prior agreement which can be recalled at any time.

- iii. Technical data will be used for automatic analyses of the web sites use. This does not allow any conclusions concerning individual persons.

4 Modifications

XLOG Technologies AG reserves the right to update its privacy policy. Any updates will be announced on the www.xlog.ch web site.
